ORDER

CV 08-4145 (ADS)

ORENSTEIN, MICHAEL L., United States Magistrate Judge:

The defendant moves by letter application for a protective order. *McAuliffe Letter*, dated May 19, 2009. The plaintiff opposes the application. *Fishbein Letter*, dated May 19, 2009.

Despite the short-term lateness of defendant's formal letter application, the motion herein is granted. Defendant is entitled to a protective order, at least until the time in which the action receives class action certification.

The plaintiff's separate application to adjourn the arbitration hearing is denied without prejudice to renew upon giving notice to the arbitrator. *See Fishbein Letter*, dated December 2 2009.

SO ORDERED.

Dated: Central Islip, New York
December 7, 2009
